NASH Model 24-5K

Camping... Hunting... Travel... Adventure...

Work, or play there's nothing like the feeling of life on the road in a NASH!

High ground clearance and roomy exterior storage make NASH an excellent off road RV.

The 5th-Wheel in a bunkhouse for family outdoor adventuring.
Step Inside & Enjoy Convenient Comfort

Each NASH Travel Trailer and 5th-Wheel offers a spacious work space in the galley for food preparation. All units feature extra large ranges with 22" ovens and range hoods with overhead light and exhaust fan, and are prewired for a microwave oven. Self-edged countertops and tables are standard, and a free standing dinette unit is a popular option.

Personalize your bedroom with a choice of queen, double or twin beds.

Overhead compartments feature beveled mirrors and radius finished edges. It is this kind of attention to detail that continues to set NASH apart from the pack.

To further add to your travel experience, all NASH units are prewired for TV antenna, LPG leak protector, cable TV with park receptacle and roof air conditioning. A 12-volt interior lighting system is standard as are 12-volt patio, hitch and waste dump lights.

Designed for Use in the Rugged Northwest

Living and vacationing in the Northwest offers a unique experience. NASH Travel Trailers and 5th-Wheels offer the answer. You'll appreciate the special emphasis on construction and outside features designed to provide strength and durability. All models use solid woods in favor of particle board, with floors constructed of 5/8" tongue and groove plywood.

Store everything you'll need in ample overhead and under counter cupboards, shelves and drawers. Practicality is found in each bathroom design, as well as many popular options.

A bath skylight dome, large lavy bowl, and bathroom window are all available to customize your vacation home. All models include mini-blinds, privacy pull shades, and co-ordinating valance treatments on windows.

Choose an inner-spring sofa, or a convertible sofa which features an additional full-size bed. Every NASH Travel Trailer and 5th-Wheel offers a choice of beautiful designer colors and fabrics.

The beveled mirrors in feature overhead accent the designer sofa.

Each unit boasts a large capacity range and refrigerator in the galley.

Abundant storage overhead and undercounter.
The ATV of RV’s

The truss roof system is topped and sealed by laminating the one-piece rubber roof to 3/8 inch plywood. A channel steel chassis is featured as well as double primed welds to reduce rusting.

Windows are radius cornered and have interior fasteners for your security. R-7 Insulation is standard in all walls and floors while R-11 insulation blankets the ceiling. Each travel trailer and 5th-wheel is equipped with 1/2 inch freeze resistant water lines and 4-1/2 inch sewer hose carrier bumper.

NASH trailers have larger tire sizes and heavier axles which make them exceptionally well suited to back road adventuring. Electric brakes, chrome lug nuts and wheel centers are standard features adding to the safety and beauty of every NASH Travel Trailer and 5th-Wheel.

You’ll enjoy ample freshwater storage tanks. Large grey water and waste water storage tanks allow you to maximize your time between dumping stations. Dual 30 lb. LPG bottles with automatic changeover can be found on many models. Retractable entry steps, a flush mount entry door lock complete with deadbolt and screen door are standard convenient security features.

Add optional Stereo and Air Conditioning to your new NASH home.

Come Home to NASH

NASH 1996 Travel Trailers and 5th-Wheels are designed with you and your family in mind. Whether you’re hunting, camping, working, or adventuring you’ll find every floor plan to be functional and convenient. Look over the specifications, and notice the care NASH has taken to assure that quality.
