Nash 5th-Wheels and Travel Trailers offer a spacious galley work area for food preparation. All coaches feature an extra large range, a 22" broiler/oven and range hood with overhead light and exhaust fan. All galleys are pre-wired for a microwave oven. Self edge counters and dinette are standard, and a free-standing dinette set is a popular option. We provide ample storage in overhead cupboards, under counter cabinets, shelves, and drawers. Nash Travel Trailers and 5th-Wheels are rated the safest and most durable coaches in their class. Whether you're hunting, camping, working or adventuring, you'll find every floor plan is innovative, practical and comfortable.
All Nash coaches are pre-wired for TV antenna, cable TV with a park receptacle and roof air conditioning. We focus special emphasis on features designed to provide strength and durability. All models use plywood and solid wood rather than strand or flake board. Our floors are constructed with exterior grade tongue and groove plywood similar to residential construction. The truss roof system is topped and sealed by laminating the one-piece rubber roof to 3/8” plywood. The chassis is built with structural I-Beam or channel and we apply double primed welds coated with Rustoleum® paint for protection from rusting.
Photos in this brochure contain optional and standard items, and decor items. See dealer for specific information regarding standard equipment and optional features. Photos and drawings are representatives of Northwood products and may differ slightly from actual production models. Northwood continually upgrades and improves its products and reserves the right to change specifications without notice. Check with your authorized dealer for update information.

Our livingroom decor features two tone embroidery and suede-look upholstery fabrics. The swivel rockers and accent throw pillows are done in complementary colors that combine for a smart, coordinated finish with a stylish and comfortable residential feel.
Each Travel Trailer and 5th-Wheel is equipped with extra large freeze resistant water lines and 4-½ inch sewer hose carrier bumper. Nash trailers have larger tire sizes and heavier axles which make them exceptionally well suited to off road adventuring. Electric four wheel brakes, chrome lug nuts and wheel centers are standard features adding to the safety and beauty of every Nash Travel Trailer and 5th-Wheel. Another available feature is the convenient black water flush system. Dual 30 pound LPG bottles with automatic changeover is standard on many models. Retractable entry steps, a flush mount entry door lock complete with deadbolt and screen door are standard convenient security features. Look over the specifications, and notice the care Nash has taken to assure that quality, high-end components are built into every Nash Travel Trailer and 5th-Wheel. Now you can finally give your family the home away from home they truly deserve. ...Come Home To Nash!

The overhead compartments feature beveled mirrors and radius finish edges. All models include mini-blinds, privacy roller blinds and coordinated valance/soft lambrequin treatments on windows. Windows are radius cornered and have interior fasteners for your security. R-7 insulation is standard in all walls and floors with an R-18 insulation blanket in the ceiling.
