- Crowned Roof: 3-1/2” Tapered to 1-1/2”
- Thick Seamless One Piece Roof Membrane
- Transverse Floor Maximizes Floor Space
- Continuous 1 Piece Fiberglass Cabover
- Rack and Pinion Slide Out Mechanism

Exterior
- LED Running Lights
- LED Tail Lights - Recessed Automotive Style
- Large 1” Thick Insulated Exterior Doors
- Metal Latches, Catches, and Pulls
- Automotive Bulb Seals Around All Doors
- 12V Light in Valve Compartment
- Removable 110V Power Cord (30’ Length)
- Outdoor High Pressure Rinse Station
- Gas Steel Gas Manifold
- Diamond Plate Armor Above Bumper
- Entry Door w/ 2 View Windows
- Aluminum Bumper w/ Dual Access
- 3 Position Bumper Step Mount
- Entry Door Patio Light
- Exterior Convenience Light (Non-Slide Side)
- Black Tank Flush
- Exterior 110 Volt Outlets (GFI Protected)
- TV Antenna HD/SD/Signal Amplifier
- Rain Gutters and Large Drip Spouts
- LP Hookup for BBQ
- Torque Windows
- 80/20 Window Tint
- Safety Glass Windows
- Thermal Pane Window Option
- Optional 250W Onan Cummins Generator
- 12 Volt Power Awnings Option
- Optional Fox Landing

Aluminum Superstructure
- 2 LED Strip Lights
- Night/Privacy Shades
- Direct Spark Ignition LP/110 Water Htr
- Adjustable Heat Vents
- Systems Monitor Panel
- 12 Volt Disconnect Switch
- 6 - 110 Volt Outlets (9 in Dry Bath Models)
- Large Capacity Holding Tanks
- Enclosed Heated Holding Tanks
- Enclosed Water Heater Termination Valves
- Pre-Wired for Solar Panel
- Pre-Wired for Satellite Receiver
- Power Converter with Charger
- Charge Wizard @ Battery Maint. System
- Generator Ready (Most Models)
- Generator Transfer Switch (Most Models)
- Optional Carpe Kit (n/a 996 & 992)
- 20K Auto Ignition Furnace
- Storage Step into Cab Over

Slide Out
- All Dinettes are Full Wall Slideouts
- 26” Deep Slide (Most Models)
- Oversized Dinette Window
- Dream Dinette
- Longer/Wider Dinette Table
- Dinette Converts to 43” x 76” Bed (Most Models)
- 4 Seats on Slide-Out
- Below Seat Storage
- High Density Foam Seat Cushions
- Optional Fold Down Chd Bunk w/ Pad
- Below Step Storage

Bathroom
- Fiberglass Shower Stall (Wet Bath Only)
- Bathroom Skylight
- Vanity Cabinet & Mirror
- Freeze Resistant Waterlines
- Marine Grade Toilet

Kitchen

Aluminum Superstructure & Solid Core Blocking

Aluminum Superstructure with Solid Core Anchor Blocking

Anchor blocking gives substantial strength at main connection points.

Solid Core Anchor Blocking

CONTINUOUS BEAD WELDS

ALL THREADS ARE SECURING THE FASTENER

Structural Aluminum Basement Floor Frame

'Big' holding tanks require a 'Big' floor structure...
That's the Arctic Fox Basement Floor!

Thick wall aluminum basement floor joists support our holding tanks under the basement of every Arctic Fox Truck Camper.

Absolute Northwood

“Where Quality is Everyone’s Responsibility”

Our Commitment to Quality, Strength, Durability

Solid Wood Cabinetry
...that is mounted to the Walls and the Ceiling

4 Season All Weather Camper

By using solid wood face frame construction and then integrating the cabinet with the structure of the ceiling and walls, our coaches and our cabinets are both made stronger.

Heated Holding Tank Area

Our fully enclosed, insulated and heated holding tank area circulates air around the suspended tanks providing the best protection from freezing. All our dump valves are also enclosed and heated to ensure smooth operation, even in cold northern climates.

“The Ultimate Back Porch”

FOX LANDING

Manufactured Exclusively for NORTHWOOD Mfg.

The FOX LANDING offers a large entry platform, convenient fold away stairs and an intermediate step for easy access. The stairway can be installed to the left or right of the landing and the platform folds out of the way for travel or when hitching your boat or trailer. Check it out!

* 4 Equal Height Steps
* Mid Step (Between Bumper & Threshold)
* Wide Bumper
* Left or Right Hand Accessible
* Steps Fold Up in Seconds
* Single Pin Locks Into Position
* Exclusively in Northwood Campers!!!

Please Note:
The Mid Step is an option when adding a Fox Landing to a previously purchased camper.
New Cathedral Arched Ceiling
Now With Four Inches Of Additional Head Room

When Northwood advertises a "Full Walk-On Roof" for our Arctic Fox truck campers, you not only can walk everywhere on the roof, but you could invite a couple dozen of your friends to join you!!

We tested the strength of our AF 990 full-wall slide model by loading the roof with 36 of our camper line employees. (A good testimonial for our camper jacks, too!).

When we say ‘FULL WALK ON ROOF’ we mean it!
Don’t try this with your camper, especially if it’s a competitors model! Our employees are in, on and around campers all day long. Please, be safe!

CAMPER SAFETY TIPS: For your safety while driving, use mirrors that allow you to view past the camper to the rear on both sides. Trucks can be purchased with extended mirror options or you may purchase mirror extensions. Truck manufacturers state that you should not exceed the GVVFR for the vehicle that carries your camper. The configuration of your truck will determine what size camper your vehicle can carry. A dual rear wheel truck is advisable for Arctic Fox campers. Adjustable air bags will help to level your vehicle, transfer rear axle weight forward for comfort and safety, and are recommended for all Arctic Fox applications. Some states allow passengers to ride in the camper, but it is not recommended as there are no seat belts available. When driving in any adverse weather condition it is always best to reduce your speed. The pickup should be outfitted with a durable rubber mat liner to reduce shifting while traveling. The mat will also protect the truck bed and camper from scratching while loading and unloading.

Use TORKLIFT frame mounted camper tie downs for greatest safety.
We purchased the Arctic Fox 990 as our first camper, and we couldn’t be happier with this choice. Our initial trip was 9,000 miles in two months. We were perfectly comfortable with the accommodations. It has everything we need in a small, agile package. The quality of construction is evident. We tested the "four seasons" functionality with freezing weather in Yellowstone and simmering heat in Texas. We’re on the road again now, touring the Southwest before bringing it home to Alaska. We look forward to many more years of exploring in this truck camper.

Northwood Team: The quality and attention to detail in production of your Arctic Fox line of campers is great! Your efforts invested in time and energy result in making sure we can do the thing we enjoy the most! Sincerely, Dave & Patty Heath

We are the happy owners of a 1999, 990 Arctic Fox Camper. It may be the only AF Camper that has lived it’s entire life in the Arctic... A very proper home for our Fox. We bought the unit new, it’s still in perfect condition, everything runs & still looks new, yet it’s been kept outside all those years. It seemed very expensive at the time we bought it, but looking back, it was worth the every penny. Short of the odd little thing here and there, we’ve had no problems with it.

It is sitting on our 1998 1 ton 4x4 Dodge dually Cummins Diesel and they look like they were meant for each other. We also added a 75W solar panel on the roof to keep the battery charged. It is a great product & many people admire it.

Well done, Arctic Fox people and Thank You!

Mike & Ali Wagner

After we decided we wanted a pickup camper we found there were very few dealers on the east coast that sold pickup campers. While on one of our trips out west we saw pickup campers everywhere. As we traveled along we would make a point to look at the different manufacturers. We began to research pickup campers. For some reason Arctic Fox had caught our eye, after extensive study we knew we wanted an Arctic Fox...

I am very particular with our rig. Everywhere we go everyone comments and wants to see inside. They are blown away with the spacious interior... The Fox Landing was the icing on the cake!

Rodger said first, if you enjoy camping then you should have an Arctic Fox four season camper. If you have an Arctic Fox pickup camper then the Fox Landing is a must! It makes all the difference getting in and out.

Rodger spends a lot of time in his shop, you never know what he is going to come up with next.

Several days ago I saw something stored in our basement compartment, after looking in the bag I wondered, "What is this"? In just a couple minutes look what it becomes! A Fox Landing Hand Rail...

Rodger once said the Fox Landing was the icing on the cake, now the hand rail is the cherry on top!

Happy Camping,

Rodger & Arlene Brill

We LIVE in our Arctic Fox camper for months at a time. After getting the camper mounted on our 2003 Dodge Diesel (manual) we took off traveling back down to the Northwood Mfg plant to go through the tour to see how they make their line of campers etc. Our trip took us to California and then back to Alaska’s interior via Canada then eventually back to Ketchikan. Our Arctic Fox was admired by many people we saw along the way and we told of its many features. It kept us warm on those cold wet nights and cool in the warmer climate of California.

Karen Kanaar

I can attest to the durability of the AF 1150 with the slide... we have been on Jeep trails with our Ram dually diesel, along roads that over hang 1,000 foot drops and washboard roads as well as charging out of washes..... all in all I think the unit is very good and I use it!

Dave & Lila Weinstein

I drove from my home in Fort Worth, Texas by myself to Arizona to pick up my 2008 Arctic Fox 811. Everyone was so helpful. This truck camper drives like a dream. I finally have my camper and I LOVE IT!!

Cynthia Brown

Skiing is my hobby, my passion and my job. And when I started looking for a truck camper that would work in the extreme cold of the mountains in Canada’s west, the Arctic Fox quickly became the obvious choice. My wife, dog and I spend practically every weekend on the road - finding powder stashes at resorts and in the backcountry. Waking up to a fresh blanket of snow on the camper, rested and ready to go is a pretty sweet way of starting the day.

This is like our cabin on wheels. Many friends have lagged along for a weekend and by the time we’re dropping them back off in the city, they’re totally converted. What we most love about the camper is the incredible insulation that keeps us cozy even when a ~20 bizzard is raging outside.

Meanwhile, we’re chilling out, making a delicious dinner or playing scrabble or watching a movie. I’m telling you, ski bummimg has never been so luxurious!

Paul Karchut

Over the past 2 years I have spent 182 nights in an Arctic Fox Truck camper. I started with a 990 and switched it a year ago for a 992. It’s amazing what you will discover by living in your own product. It’s the little things you discover. As a result of my ‘campouts’, we’ve added a bigger dinette window, the dream dinette, a light in the dump valve area, clear glass in the rear entry door and many more improvements.

Doug Karr “The Camper Guy”
Available Options

Some of these options are not available in all models. Please see your dealer for specific option availability in certain models.
