"The Ultimate Back Porch"

FOX LANDING

Manufactured exclusively for NORTHWOOD Mfg.

The new FOX LANDING offers a large entry platform, convenient fold away stairs and intermediate step for easy access. The stairway can be installed to the left or right of the landing, and the platforms fold up, out of the way, for travel or when hitching your boat or trailer. Check it out!

* 4 Equal Height Steps
* Mid Step (between Bumper & Threshold)
* New Wider Bumper
* Left or Right Hand Accessible
* Glow Step Treads
* Steps Fold Up in Seconds
* Single Pin Locks Into Position
* Built By Torklift...

Northwood Seat Step

Use as a cabover step or as a seat.
Easy to attach and remove.
Simply hang it on the bulkhead wall.

New for 2017

Our Commitment to Quality Strength Durability

Absolute Northwood

“Where Quality is Everyone’s Responsibility”

One Piece Laminate Walls
Our aluminum wall frames are constructed of .060’ thick aluminum tubing and all joints are welded full width, not spot welded like much of the competition.

One Piece Continuous Fiberglass
The outer skin of our laminated wall is a single sheet of tough, corona treated fiberglass. Corona treating ensures the polyurethane is able to properly accept the hot melt adhesives. A single piece of fiberglass eliminates seams that can leak & it’s stronger too.

Steel Bonderizers
We add steel bonderizer strips inside the wall at all mounting points. The bonderizers provide a steel anchor point for any fixtures that are mounted to the walls.

Solid Core Anchor Blocking
We also add solid core anchor blocking in the frame perimeter. The solid blocking provides a substantial anchor medium for securing screw threads.

A Solid Foundation: Thick Basement Walls & Aluminum Trusses.

Extra Strong Thick Wall Tubular Aluminum Floor Frame
Really Big holding tanks require a ‘Really Big’ floor structure...
That’s The Wolf Creek Floor Structure!
Thick wall aluminum basement floor joists support our holding tanks under the basement of every Wolf Creek Truck Camper.

Continuous One Piece Fiberglass
Cabover / Bulkhead
No seams that can leak!

Solid Wood Face Frame Cabinet that is secured to the wall and ceiling!
We build our own cabinets and every cabinet is built to the best quality specifications. By building our own cabinets, we can guarantee that they will be made right and be built to last!

Top Quality Materials
All NORTHWOOD cabinets are made with residential quality materials and methods. Because we use screws, they hold up better under travel road conditions.

Face Frame Construction
We use the same construction techniques used in quality residential cabinetry. We assemble hardwood styles with screws on a face frame machine to ensure strong, durable cabinets. The result: Beautiful, quality cabinetry and the best built truck camper!

The Long & The Short of it.
Customers often ask... “What’s the deal with ‘long box/short box’ designation on the 840 & 850 Wolf Creek Truck Campers?”

A brief explanation: “The Box” refers to the truck bed, long or short. In a short box (bed) truck, the distance from the bulk head to the rear bumper is less, so more of your camper will extend beyond the rear bumper. That extra overhang makes it possible for additional storage or for a generator compartment. A long bed (box) pickup has more of the camper inside the bed and less overhang. See the schematic below.

Truck Camper Magazine Review

Spending two weeks in the 850 gave us an unusual opportunity to experience a new brand and product. For starters, the Wolf Creek 850 is right up our alley: hard-side, non-slide, fully self-contained, and brimming with practical and weight-saving design choices. In short, we love campers like this because they are everything we need for the kind of long-distance, go-whenever truck camping we enjoy. Even more important, they show a willingness of manufacturers to embrace the increasing importance of lower weight truck campers and design new campers accordingly.

We really appreciated the generous holding tanks for a camper this size. Thirty gallons of fresh water? That’s amazing. The gray and black tanks were ample at nineteen gallons and twenty gallons respectively... When we turned the vent fan on, it surprised us with just how much air it pulled...

... they put a very tall bubble window in the bathroom that allowed me, at 6’3”, to see almost completely around the camper... it was really fun to be able to look around and see what was going on outside the camper...

... for someone looking for an aluminum framed, hard-side, non-slide truck camper that will work with some hitches and nearly every three-quarter ton truck, the 2012 Wolf Creek 850 deserves to be on your short list. This is an impressive camper from a company that understands truck campers and cares deeply about quality control. Congratulations Northwood on your new Wolf Creek truck camper brand and an impressive first camper with the 2012 Wolf Creek 850.

August 2011
Features & Options

Standard Construction Features
- Fully Welded, Thick-Wall Aluminum Frame Construction
- One-Piece, Corona Treated, Continuous Fiberglass
- Hot, Polyurethane Laminated, Multi-Layered Substrate Walls
- High Density Block Foam Insulation
- Laminated Floor

Standard Exterior Features
- Dual Battery Compartment
- 1-20 lb LPG tank w/Regulator
- Diamond Plate Knee Wall Armor
- Truck Storage Access Doors
- Residential Wear Floor Covering
- LED Exterior Lighting
- 6 Gal DSI Gas/Electric Quick Recovery Water Heater
- 20K BTU Auto Ignition Furnace w/ Digital Thermostat
- Marine Style Detachable Shore Cord
- TV Antenna
- Roof Rack and Ladder Ready
- Tinted, Safety Glass Windows
- Entry Door Firing Hinge
- Magnetic Luggage Door Catches
- Satellite Ready / Solar Ready

Available Options
- EZ Open Handle
- Large Exterior Folding Grab Handle
- AM/FM/CD/DVD Player
- 10’’ 110/12v LED TV
- Microwave Oven
- Thermal Pane Windows
- Camper Seat-Step
- Fox Landing
- Gen Ready (Short Box Only)
- 2.5 Onan LP Generator
- 60 Watt Solar Panel
- 100 Watt Solar Panel
- Swing Out Brackets
- Roll Over Sofas
- Wardrobe Curbside
- 11 K BTU Air Conditioner
- 16’’ Oven
- Coleman Mach 8 9K BTU A/C
- 1 Deep Drawer Under Cooktop
- 24” Add-A-Step
- Side Box Awning-Curb Side
- Side Box Awning-Road Side
- Side Boxes (Short Box Only)
- Kitchen Counter Extension (850 Only)

Wolf Pack
- Wolf Pack is a mandatory option bundle that includes all of the following high value features:
  - Btt. DIN AM/FM/CD Player w/Bluetooth
  - Rear Electric Awning
  - Electric Jacks
  - 5 CU’Fridge w/Inset Panels
  - Dual 5 Gallon LP Tanks
  - Exterior Shower
  - Heated Holding Tanks
  - Roof Rack & Ladder
  - Fox Landing Ready Rear Bumper
  - Sewer Hose Storage
  - Utility Light Roadside
  - FanTastic Vent
- Combo Bunk Cab w/Dinette Light
- Range Cover
- Sink Lid
- Weight: 310 lbs

Standard Interior Features
- LED Interior Utility Lighting
- Interior Command Center
- Solid Wood Mortise & Tenon Cabinet Doors
- Designer Wood Grain Finish Throughout
- Roller Bearing Drawer Slides
- Fabric Night Shade Window Treatment
- Smoke, LPG & CO Leak Detectors
- 110 Volt 55 Amp Converter

Standard Kitchen Features
- Laminate Counter Tops
- High Profile Kitchen Faucet
- High Output 3-Burner Cook Top
- Range Hood with Light and Exhaust Fan
- 3 Cu Ft Fridge w/ Inset Panels
- Kitchen Overhead Storage Cabinets
- Multiple Kitchen Drawer Cabinets
- U-shaped Dinette
- Large Picture Window At Dinette

Standard Bathroom Features
- Porcelain Foot Pedal Toilet / Bath Skylight
- Exhaust Fan in Bathroom
- Shower Curtain with Curved Track / Full Shower

Standard Bedroom Features
- Inner Spring Mattress w/Bedspread
- Privacy Curtains in Cab Over
- Bedroom Roof Vent
- Night Stand
- Bedroom Reading Lights
- 12V & USB Charging Center on Both Sides of Bed

CAMPER SAFETY TIPS:
For your safety while driving, use mirrors that allow you to view past the camper to the rear on both sides. Trucks can be purchased with extended mirror options or you may purchase mirror extensions. Truck manufacturers state that you should not exceed the GVWR for the vehicle that carries your camper.

The configuration of your truck will determine what size camper your vehicle can carry. A dual rear wheel truck is advisable for Wolf Creek campers. Adjustable air bags will help to level your vehicle, transfer rear axle weight forward for comfort and safety, and are recommended for all Wolf Creek applications.

Some states allow passengers to ride in the camper, but it is not recommended as there are no seat belts available. When driving in any adverse weather condition it is always best to reduce your speed. The pickup should be outfitted with a durable rubber mat liner to reduce shifting while traveling. The mat will also protect the truck bed and camper from scratching while loading and unloading.
