Quality By Design

www.northwoodmfg.com
My husband and I were vacationing in Yuma earlier this year in our old trailer. We just went to look at new RVs, not intending to buy. But when we saw the Nash we were sold. We bought the 24’ with slide travel trailer. We took our new trailer to Joshua tree and Lake Havasu before coming home to Kansas. We just love our new trailer and look forward to many happy travels. Thank you for a quality made in USA product. Sincerely, Nancy Keith

We spent two weeks in the Canadian Rockies between Jasper and Banff national park. The best part of the our brand new 2016 Nash 22H is the ground clearance, entry door friction hinge, rear receiver hitch, privacy windows, large bathroom, solar power, to say a few. The campgrounds we stayed at in the national parks, were power only sites. Having the large holding tanks with the additional 10 gallons in the hot water heater was nice. We made it five days with four people on our fresh water supply. The temperatures dipped down close to freezing, we didn’t notice it with the four season insulation. This trailer will give most other RVers diamond plate envy. We have had the trailer off road and it does make a difference. Bought the trailer in June and have put 2000 awesome camping miles on it. Scott and Lisa Adams
What is ABSOLUTE NORTHWOOD?
Our Commitment to

Quality
Strength
Durability

When you purchase a Nash, you are investing in the best quality materials, construction and craftsmanship. That is why the resale value in a Nash remains higher, and your investment retains its value longer. If you ever decide to trade in your Nash, you will get top dollar. That is why you don’t see many used Nashs on the market, folks buy them up as quickly as they become available because Nash has a reputation for durability and longevity.

CHASSIS
Custom Built, Tested, Certified

FRAMING
Bonded Wall Construction w/ Select Quality Lumber

INSULATION
A True 4 Season Coach

CABINETS
Wall & Ceiling Mounted, Face Frame Construction

ROOF
Full Walk On, Bonded Roof Truss System

NORTHWOOD BUILT CERTIFIED CHASSIS
WE BUILD OUR OWN HEAVY DUTY STRUCTURAL STEEL OFF-ROAD CHASSIS

We are one of the few manufacturers that build their own chassis. The name NORTHWOOD is known throughout the industry for quality chassis and we certify ours through an independent testing laboratory for quality assurance.

NORTHWOOD BUILT ONE PIECE LAMINATE FIBERGLASS WALLS

"SELECT" Grade Lumber
16” O/C Framing
2x6 Slide Headers
2x4 Wheel Wells
One Piece Fiberglass
Hot Glue Pressure Applied
Luan Backing
Structural Joints Reinforced w/Steel Hurricane Plates

Continuous Seamless Fiberglass
Steel Reinforcing Plates
Bonded One Piece Wall Sections

OUR BONDED ARCH TRUSS SYSTEM ENSURES A FULL WALK-ON ROOF CATHEDRAL ARCHED CEILING

The Northwood Bonded Roof Truss System bonds all the components of the roof structure together as a unit. The ceiling, arched trusses and roof plywood are unified in a bonded system that gives superior load distribution and maximum load bearing capacity.

Top quality exterior grade plywood panels are bonded to the trusses and a thick one piece roofing membrane is then applied for a durable, long lasting seal to protect you and your coach from the elements.

CUSTOM BUILT FACE FRAME CABINETS
CABINETRY w/SOLID WOOD DOORS, BUILT USING RESIDENTIAL FACE FRAME CONSTRUCTION METHODS & INTEGRATED WITH THE WALL & CEILING.

BEAUTIFUL & STRONG

Solid Wood cabinet doors ensure lasting beauty and rugged strength.

Face Frame construction gives our cabinets ‘high end’ residential quality.

CONSTRUCTION
Structurally Integrated cabinetry is anchored to the walls and ceiling structure of our coaches making both the RV and the cabinets stronger.

A TRUE FOUR SEASON ALL CONDITIONS UNIT

HEATED ENCLOSED HOLDING TANKS & DUMP VALVES DESIGNED FOR COLD NORTHERN/HOT SOUTHERN CLIMATES

Northwood builds true 4-Season Coaches. Our fully insulated holding tank area circulates warm air around the suspended tanks providing the best protection from freezing. Our knife valves are also enclosed to keep them from freezing. Our 4-Season coaches are insulated with various types of residential quality Rigid Foam, Batten & Reflective Foil insulation to protect you from the winter cold & summer heat.
I bought a Nash 17C new in 2006. My inaugural trip was a 2 day weekend camping in the desert in Quartzite, AZ in January. It does get cold at night but the Nash is so well insulated and built, I didn’t have to use the heater and no problems with the battery. That same year I traveled in a “caravan” with the family and went to Banff National Park, Canada. I have made many great memories in the Nash and there will be many more to come (yes, I still own the Nash and wouldn’t trade it for anything). As a matter of fact: I have been to many RV shows and I can honestly say that the Nash 17C has the best floorplan available in it’s size and the most solidly built travel trailer on the market today.

Love my Nash!  Gregg Merdick - Surprise, Arizona

Aussie Stainless Swing-out BBQ Grill

Mounts directly to the bumper on swing-out arm. Rugged, easy to clean, stainless steel construction, and custom black vinyl travel cover.

ObeCo Convenience Center

Multi-function work center for the outdoor chef! Spacious work surface with under side storage basket for all your BBQ tools, paper towel dispenser rack and trash bag holder. A great combination when used with the Aussie Grill!
We camped 3 nights in Two Medicine Campground, Glacier National Park with our new 24M Nash. As a test, we camped in the no generator loop, which was very quiet and were very pleased with the attached solar panel. We had no problems with not having enough power. For that trip we had plenty of water for showers and washing dishes. There is so much room in the trailer that we still have empty cabinets, what a change from before. The trailer is so well insulated that the heater only came on one night. Next trip next week, Icefields Parkway and Jasper National Park in Canada. Jim Streeter

And here I am boon docking near Bryce Canyon, Utah with my 6 batteries, and 690 total watts of solar power...and here is my son and grand kids enjoying a weekend stay with me and my Nash 22H. The trailer seems well built, and the dual pane windows sure help with noise and temperature fluctuations. Also the windows luckily survived a hail storm of up to 3/4" size hail stones... I researched trailers and toy haulers for several years to find the right match for me, and this off road, 22' Nash seemed to be right for me and my half ton 4WD truck. Tom Kerns St George, Utah

just want to make sure that this message is passed on to your reception persons, parts and service people at Northwood Manufacturing. I have made several inquiries about my recent 2005 Nash Northwood 22H purchase from a private party and I needed to ask questions from Northwood about my newly acquired trailer. Let me tell you that the customer service was SUPERB and way above the standard that we commonly see today in this fast track world. I am very impressed with how my questions were handled and that everyone took the time to talk with me, and best of all, my inquiries and questions were answered promptly in a courteous fashion. Oh yes, the trailer I purchased is in near mint condition and very solid, love the floor plan and is very towable with my 1/2 ton Dodge Ram. I would highly recommend Northwood Manufacturing to anyone needing one of your products for whatever reason. Thanks again, Glen Ritz
Standard Construction Features
Northwood Built, Independently Certified, Off-Road Chassis
One-Piece, Corona Treated, Continuous Fiberglass
Hot, Polyurethane Laminated, Multi-Layered Substrate Walls
E-Z Lube Axles w/Ne-V-R Adjust Forward, Self Adjusting Brakes
15” Aluminum Wheels / Tires & White Mod Spare
Equaflex Axle Suspension System
Stabilizer Jacks
All-Conditions/Four Seasons Insulation With R-14 Ceiling
R-15 Reflective Foil Insulation in Roof / Slide
Heated and Enclosed Tanks
Diamond Plate Front Gravel Guard
Dinette Slide (23D, 25C, 26N, 29S)
Sofa Slide (24M, 29S)
Second Entry (24M, 25C, 26N, 29S)
Efficient Residential-Style Ducted Heating
Generator Ready / Satellite Ready / Solar Ready

Standard Exterior Features
Easy Access LP Cover
4” Sewer Hose Carrier Bumper
LED Exterior Lighting
Roof Rack & Ladder
Exterior Marine Grade Speakers
Pass Thru Storage / Full Length Storage in 22H
LPG Quick Connect & Black Water Flush System
Large Exterior Entry Grab Handle / Entry Door Friction Hinge
Exterior Shower
Semi-Automatic Winterization/By-Pass System
10 Gal DSI Gas/Elect Quick Recovery Water Heater
13.5m BTU Air Conditioner w/Condensation-Resistant Ducting
Carefree Travel ’R 12V Awning w/Adjustable Pitch Hardware
TV Antenna
20 Watt Solar Panel
Sidewall Solar Port
Rear Receiver Hitch
LED Interior Lighting

Standard Interior Features
Residential Wear Floor Covering
Interior Command Center
Roller Bearing Drawer Glides
Fabric Night Shade Window Treatments
AM/FM/CD/DVD Player w/Bluetooth
Smoke, LPG & CO Leak Detectors
