OUR BONDED ROOF TRUSS SYSTEM ENSURES A FULL WALK-ON ROOF

BONDED ROOF TRUSS SYSTEM WITH CATHEDRAL ARCH ED CEILING

UP TO 4" OF EXTRA HEADROOM

The Northwood Bonded Roof Truss System bonds all the components of the roof structure together as a unit. The ceiling, trusses and roof plywood are unified in a bonded system that gives superior load distribution and maximum load bearing capacity.

Top quality exterior grade plywood panels are bonded to the trusses and a thick one piece roofing membrane is then applied for a durable, long lasting seal to protect you and your coach from the elements.

CUSTOM BUILT FACE FRAME CABINETS

We stopped at the base of the Teton Mountains for lunch a couple weeks ago on our summer road trip this year in our 2016 Arctic Fox 30U. Got a chance to take a pretty cool picture, what a view! We are loving our new trailer by the way!! Thought you might enjoy seeing the picture.
