WHAT IS ABSOLUTE NORTHWOOD?

Our Commitment to Quality Strength Durability

When you purchase a Nash, you are investing in the best quality materials, construction and craftsmanship. Consequently the resale value in a Nash remains higher, and your investment retains its value longer. If you ever decide to trade in your Nash, you will get top dollar. That is why there aren’t many used Nash trailers on the market. Savvy customers buy them up as quickly as they become available because Nash RVs have a reputation for durability, longevity & resale value.

CHASSIS

- Custom Built, Independently Tested & Certified
- Select Grade Framing - 16" O/C - Steel Hurricane Plates

FRAME

- Full Walk On, Bonded Roof Truss System

ROOF

- Wall & Ceiling Mounted, Face Frame Construction

CABINETS

- A True 4 Season Coach

NORTHWOOD BUILT CERTIFIED CHASSIS

WE BUILD OUR OWN HEAVY DUTY STRUCTURAL STEEL OFF-ROAD CHASSIS

We are one of the few manufacturers that build their own chassis. The name NORTHWOOD is known throughout the industry for quality chassis and we certify ours through an independent testing laboratory for quality assurance.

CERTIFIED CHASSIS

PACIFIC WEST ASSOCIATES, INC

UTILIZING AEROSPACE INTERFACE DESIGN TECHNOLOGY FOR OPTIMUM PERFORMANCE & SAFETY

BUILT BY NORTHWOOD

NORTHWOOD BUILT ONE PIECE LAMINATE FIBERGLASS WALLS

16" O/C Framing
One Piece Slide Headers
One Piece Fiberglass
Hot Glue Pressure Applied Luaun Backing
Structural Joints Reinforced w/Steel Hurricane Plates

Continuous Seamless Fiberglass

Steel Reinforcing Plates

Bonded One Piece Wall Sections

CAST ALUMINUM MANIFOLD
Galvanized Chassis Welds
Quality Rust Resistant Finish
**OUR BONDED ROOF TRUSS SYSTEM ENSURES A FULL WALK-ON ROOF**

**BONDED ROOF TRUSS SYSTEM WITH CATHEDRAL ARCHED CEILING**

UP TO 4” OF EXTRA HEADROOM

The Northwood Bonded Roof Truss System bonds all the components of the roof structure together as a unit. The ceiling, trusses and roof plywood are unified in a bonded system that gives superior load distribution and maximum load bearing capacity.

Top quality exterior grade plywood panels are bonded to the trusses and a thick one piece roofing membrane is then applied for a durable, long lasting seal to protect you and your coach from the elements.

**Northwood’s Bow Trusses**

5-1/2 inch center height gives the roof plenty of runoff slope to eliminate standing water.

**CUSTOM BUILT FACE FRAME CABINETS**

CABINETRY w/SOLID WOOD DOORS, BUILT USING RESIDENTIAL FACE FRAME CONSTRUCTION METHODS, INTEGRATED WITH THE WALL & CEILING.

BEAUTIFUL & STRONG

Solid Wood cabinet doors ensure lasting beauty and rugged strength.

Face Frame construction gives our cabinets 'high end' residential quality.

Structurally Integrated cabinetry is anchored to the walls and ceiling structure of our coaches making both the RV and the cabinets stronger.

**A TRUE FOUR SEASON ALL CONDITIONS UNIT**

HEATED ENCLOSED HOLDING TANKS & DUMP VALVES DESIGNED FOR COLD NORTHERN/HOT SOUTHERN CLIMATES

Northwood builds true 4-Season Coaches. Our fully insulated holding tank area circulates warm air around the suspended tanks providing the best protection from freezing. Our knife valves are also enclosed to keep them from freezing. Our 4-Season coaches are insulated with various types of residential quality batten & reflective foil insulation to protect you from the winter cold & summer heat.
EXPLORE QUALITY NASH FEATURES

STANDARD CONSTRUCTION FEATURES
Northwood Built, Independently Certified, Off-Road Chassis
One-Piece, Corner Treated, Continuous Fiberglass
Hot, Polyurethane Lamintated, Multi-Layered Substrate Walls
